

Facilities

Penny Pot offers 38 bedrooms, 2 of which are double, for the elderly, and those living with dementia, providing the care, companionship and security that the service users need and want. The home consists of two floors, which include two spacious, homely, lounges, a dining room, sunroom, kitchen and offices.

We also have some blossoming gardens, which can be enjoyed by the residents, staff and visitors.

Location and Travel

Penny Pot is within walking distance to the town, the beautiful beach gardens, and the beach. There are many local B&B's in the area, including a Premier Inn, and various restaurants, and shops. The train station is a short walk from the home, and there are many bus stops in the area for ease of travel

Activities and Services

Penny Pot offers placements for respite and long term care. We have an amazing team that work together to identify an individual's needs and preferences.

We have a hairdresser and chiropodist who visit regularly

A monthly church service is also arranged, which service users can take part in if they wish.

Penny Pot offers an array of activities, which are delivered by our activities support worker. We also hire entertainers, and have themed / charity events to engage service users, families and the community

The Home is wheelchair accessible and passenger lifts are available.

Aims and Objectives

Penny Pot Care Home aims to provide the best care, while encouraging service users to retain their independence and have a good quality of life that respects their rights, choices and preferences.

We aim to give tailored and personalised care for every individual. This is achieved through involving the service user and significant others (family and/or other professionals, where consent is given) in identifying their needs, expectations and preferences and helping us plan how these needs may be met.

Penny Pot aims to be open and transparent. Service users, families etc. are always welcome to speak with staff and the manager with regards to an individual's care, and let us know of any suggestions, complaints and compliments they may have

Our CQC report can be viewed online or on display at the home.

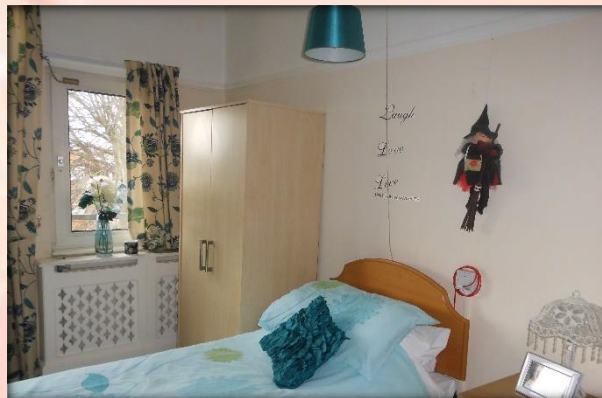

What we will do for you.

Penny Pot provides all service users with bespoke care planning, and delivery of care to meet the needs of each individual. Assessments are carried out, prior to admission, to identify needs and these can be met at Penny Pot.

We offer a choice of nutritious meals, and regular beverages that take into account each person's preferences.

Our senior staff can support service users with administering medication.

All rooms can be personalised, and our maintenance team are on hand to help make small adjustments (i.e. hanging pictures, and moving furniture). Electrical goods are subject to PAT testing.

Quality Control

Integrity Care Services is registered with the Care Quality Commission for Social Care Inspection, to provide residential care for older people and people with dementia.

Our registered manager, Miss Ann Daly, is available to answer any queries or questions you may have.

Please contact us for information on care fees

The Company

Integrity Care Services Ltd. has an excellent reputation and is noted for its high standards of care. The Senior Managers of Integrity Care Services Ltd have extensive experience in the provision and management of residential care service.
